

T C T C C G A C

The image shows a DNA sequence 'T C T C C G A C' in a bold, sans-serif font. The letters are color-coded: 'T' is red, 'C' is blue, 'G' is orange, and 'A' is green. Below the sequence is a horizontal line composed of several parallel, multi-colored segments in shades of orange, green, blue, and red, resembling a stylized DNA double helix or a barcode.
