

A G C A G A

The image shows a DNA sequence "AGCAGA" in a large, bold, sans-serif font. The letters are colored: 'A' is green, 'G' is orange, 'C' is blue, 'A' is green, 'G' is orange, and 'A' is green. A red horizontal line is positioned below the second 'G' (the third character in the sequence), with a small red vertical bar extending downwards from the center of the line.
