

G A C G C A G C A G A A

The image displays a DNA sequence: G A C G C A G C A G A A. The bases are color-coded: G is orange, A is green, and C is blue. The sequence is divided into two segments by a gap. The first segment, GACGGCA, has a red underline under the 'C' and a blue underline under the 'A'. The second segment, AGCAA, has a blue underline under the 'A'.
